

FOSTER HOME Application

For Cats' Sake is always in need of foster homes to care for kittens and cats until they are adopted. We are a 100% volunteer-based organization. We do not have a shelter, which means all kittens and cats we rescue need to be placed in foster homes until they are adopted. Volunteering to foster requires a commitment of time, love, patience and a desire to help abandoned and unwanted felines become properly socialized and find permanent, loving homes. It is also a financial commitment to provide appropriate food (kitten/cat; dry/canned), fresh litter and a healthy, happy environment (warm bedding, toys, attention, etc).

Foster placements may be as short as a few days or a week, or as long as a few months, depending on the age and health of the foster animal and how soon they are adopted. If you prefer shorter or longer stays for your foster animals, or have any other special requests or questions, please let us know.
